

## A fieldwork toolkit for early career geography teachers

Rebecca Kitchen and Janine Maddison

### Enquiry questions

Topic areas and enquiry questions suggested by the early career teachers

Topic area	Enquiry question examples
Food / sustainability	Where is the best place to create a school allotment? Where does the canteen food come from?
Weather	Is there anywhere suitable for solar panels in the school? How do weather conditions vary in different parts of the school?
Sense of place	How do you feel in different parts of the school? Where do you feel safest in school? Which part of the school is the 'best'?
Environmental quality	How does litter density change with distance from the bin? Do we need traffic regulations around the school?
Water	Which area of the school is most likely to flood? Which surfaces are permeable / impermeable? What is the water quality like in the local river?
Crime	Where is crime most likely to occur in the local area and why?
Accessibility	What is the most accessible route for a wheelchair bound student? Are all of our school grounds accessible?
